SKILLS

- **React JS, Next JS**
- HTML, CSS, **Javascript**, JQuery.
- Webpack, Vite, NPM
- **AWS** code pipeline, Git & Github, PWA
- Material UI, Tailwind CSS, Ant Design, Bootstrap, Storybook, React-bootstrap, **D3.js**, Rechart.js, Final Form
- **SQL** (Structured Query Language)
- **Redux**

EXPERIENCE SUMMARY

- **2 + years experienced React development** professional with hands-on experience in designing and deploying highly responsive user interface components using React concepts.
- Experienced in converting wireframes into high-quality code to build application interfaces via JavaScript and React JS workflows.
- Proficient in fixing real-time application crashes using tracking tools like Sentry.
- Experienced in branching, merging, and maintaining versions using SCM tools like Git and GitHub.
- Proficient in project management and issue tracking tools like JIRA and Redmine.
- Communication and active listening skills.
- Managed CI/CD pipeline using AWS CodePipeline and deployed applications using **AWS S3 bucket**.

EDUCATION

Bachelor of Engineering

2015-2019

Indore Institute of Science and Technology

Manuj Tiwari

FRONTEND DEVELOPER

PROFILE

I am a passionate software engineer who loves crafting applications that people love. I'm passionate about frontend development and have **2 +** years of experience in **React JS** and other trending frontend frameworks. I care about customer engagement, **making the customers happy, testing, accessibility, teamwork and code quality.**

EXPERIENCE

Kaptune Media India Pvt Ltd

Aug 2021 – Aug 2023

Trackolap (Project 1)

- Developed 50+ responsive and functional components for web, mobile, and desktop versions of Trackwick app using React concepts.
- Transformed wireframes from Figma and Adobe XD into high-quality application interfaces using **JavaScript** and **ReactJS**.
- Independently implemented subscription management, Tasks, and Asset Management modules ensuring on-time delivery.
- Monitored application performance using Sentry, implementing hotfixes and enhancements as needed.
- Strong understanding and implementation skills in **Microservice Architecture** to enhance scalability and maintainability of applications.
- Proficient in **OAuth2.0/OpenID** for secure and authorized access to web applications.
- Tools and technologies used: HTML, CSS, **JavaScript**, **ReactJS**, ElectronJS, PWAs, AntDesign, Git, GitLab, Redmine, Sentry.

Beachfront Media LLC (Project 2)

- Implemented comprehensive testing of React components using Jest and Enzyme, ensuring application reliability.
- Advocated for and practiced Test-Driven Development (TDD), writing test cases prior to implementation to uphold code quality
- Successfully implemented new features, ensuring adherence to project timelines.
- Utilized Git and Bitbucket for version control, ensuring efficient branching and merging.
- Integrated Next.js to optimize and enhance the performance of key pages, resulting in a faster and more responsive user experience.
- Implemented **server-side rendering (SSR)** using **Next.js** to improve the application's SEO and overall performance.
- Tools and technologies used: HTML, CSS, JavaScript, ReactJS, Next.js, AntDesign, Git, GitHub, JIRA, Bitbucket, Storybook.
