CAREER SUMMARY

Proficient in a wide range of front-end technologies, such as HTML, CSS, JavaScript, and React, with a demonstrated ability to create visually appealing user interfaces using modern design frameworks like Tailwind CSS. Leveraging React JS for developing dynamic and responsive web applications, I possess a profound understanding of version control through Git to enhance collaborative development. Additionally, adept at translating design concepts into intuitive user experiences using Figma. Skilled in Redux, Redux Toolkit, Tailwind, Bootstrap, Git, GitHub, Jira, and crafting custom visualizations, I bring dynamic expertise and leadership to collaborative environments, aiming to drive impactful solutions.

SKILLS AND STRENGTHS

HTML, CSS, JavaScript, ReactJS, Bootstrap, Tailwind, Shadcn/ui, Redux, Redux-toolkit, NodeJS, Git, GitHub, Jira, TypeScript, New Relic, Visualization

WORK HISTORY

CloudEQ - Software Engineer - 2022 Aug- Present

- Solid understanding of a Frontend tech stack with the ability to write clean and efficient code.
- Spearheaded application development initiatives, primarily focusing on projects with MCD as the key client.
- Demonstrated leadership by managing a team of 5 members, successfully leading a project catering to internal team requirements.
- I have effectively utilized technologies such as ReactJS, Bootstrap, and Redux to deliver high-quality software solutions.
- Produced and maintained React components according to the designed systems, experienced with developing responsive design principles and ability to create interfaces that work across multiple platforms.
- I am proficient and experienced in leveraging GitHub for version control, adept at managing repositories, branching strategies, pull requests, and ensuring seamless collaboration within teams through effective versioning practices.
- Conducted comprehensive JavaScript training sessions, imparting knowledge to over 200 trainees.

PrepBytes -Software Trainee- 2021 - 2022 Aug

- Proficiently utilized Frontend Technology Stack, including HTML, CSS, JavaScript, React, Node.js, MongoDB, Express.js, Git, and GitHub.
- Actively participated in live projects, utilizing Jira for effective project management and task tracking.
- Conducted Root Cause Analysis (RCA) to identify and resolve intricate technical issues, ensuring project stability and quality.
- Created comprehensive project documentation using Confluence, ensuring clear and organized project guidelines and resources.
- Collaborated seamlessly within the team to deliver high-quality solutions, refining frontend development skills through practical application and teamwork.

PROFESSIONAL ACCOMPLISHMENTS

- Top Performer Recognition - Achieved rapid recognition as a top performer within one year, playing a pivotal role in significantly elevating team performance. Successfully delivered complex projects for esteemed clients, including high-profile engagements with MCD, thriving in the fast-paced agency environment.

EDUCATION

B.E (Electrical Engineering)

Manav School of Engineering & Technology, Akola, Maharashtra
2017 - 2021

Diploma (Electrical Engineering)

Manav School of Polytechnic, Akola, Maharashtra
2014 - 2017
