WORK EXPERIENCE

VIRTUE INFRASTRUCTURES. (A construction venture) Bangalore,India. Web Designer

- Developed and designed a professional and visually appealing website for a construction venture, showcasing their services, projects, and expertise.
- Collaborated with the construction company's stakeholders to understand their specific requirements and translated them into a user-friendly website layout.
- Utilized HTML, CSS, and JavaScript to build interactive features, such as image sliders, contact forms, and project galleries.

UNIVERSITY PROJECTS

PIZZA-TOWN Nov 2022 ● Designed and implemented pizza delivery website in 3-person team using MEAN

- Improved the website's front-end using AngularJS, creating a responsive and intuitive user interface
- Utilized Node.js and Express.js on the back-end to handle HTTP requests, manage data, and communicate with the MongoDB database
- Employed best practices in web development and followed coding standards to maintain a clean and maintainable codebase.

PERSONAL PROJECTS

HEADPHONES E-COMMERCE FIGMA PROTOTYPE Jan 2023 ● Conceptualized and designed "ScottHeadphones," a Figma prototype for an innovative and user-centric e-commerce platform dedicated to selling headphones.

- Implemented a modern and visually appealing user interface, focusing on seamless user experience and intuitive navigation for easy exploration of headphone products.
- Designed custom icons, graphics, and visuals to enhance the brand identity and elevate the overall aesthetics of the e-commerce platform.
- Incorporated micro-interactions and animations to elevate the website's interactivity and engagement, creating an immersive shopping experience.

ACTIVITIES

AUMUN-22 Hyderabad, Organizing Committee Member Jun 2022 ●Anurag University Model United Nations (AUMUN) is a 3-Day National Conference, the first of its kind event by Anurag University conducted from 17th to 19th June 2022, in association with LiteraZe Society, a student Society of Anurag University.

- This 3-day event is laced with intriguing discussions of a panel with industry experts and renowned people. A few special sessions besides networking activities and the committee proceedings leading to the final presentations of the solutions to the issues discussed by the delegates marks the end of the MUN
