

Swastik Bhardwaj

B-tech Student

Profile

As a B-Tech student with a strong passion for data-driven insights, I am dedicated to becoming a skilled data scientist. My academic background in engineering provides a solid foundation, and I'm committed to expanding my knowledge in data analysis and machine learning. I'm eager to apply my technical skills to solve real-world problems through data science.

Work experience

Internship

Indian Meteorological Department, New Delhi

- Created a smart temperature regulating system using MQTT Protocol
- Drafted a research paper under the head scientist Dr. Amul Batra

Education

2020
↑
2018

Senior Secondary

Shardein School, Muzaffarnagar, Uttar Pradesh

Achievements:

- passed 12th with 91.8

2018
↑
2008

High School: Class 10th

Shardein School, Muzaffarnagar, Uttar Pradesh

Achievements:

- passed 10th with 95.2

Projects

IPL Match Stats projector

Tells about the performance of the team, its players, run rate, man of the match, and player with the best economy. Uses graphs and plots

Flappy Bird Game

Created a refined version of the old game Flappy Bird on Android studio

Two-way handshaking communication system

Created a communication server on FTP where more than 2 clients can communicate by two-way handshaking

Phone

+91 9897164278

Address

794/2 Sanjay Marg, Bhopa Road
Muzaffarnagar, Uttar Pradesh

Technical Skills

- Languages: Java, Python, C/C++, SQL
- Machine Learning
- Artificial Intelligence
- Cloud Computing

Course Work

- Data Structures
- Algorithms Analysis
- Operating System
- Computer Networks
- Software Engineering
- Database Management
- Object-Oriented Programming
- Computer Architecture
