SKILLS

Cloud Computing
Platforms: AWS, Azure

DevOps Tools: Git,
Docker, Kubernetes,
Jenkins, Terraform

Operating Systems:
Linux: Ubuntu, CentOS

Programming
Languages: HTML,
JavaScript, Python

Database Management
Systems: SQL, MySQL,
NoSQL databases

LANGUAGES

Telugu
Native or Bilingual Proficiency

Hindi
Limited Working Proficiency

English
Full Professional Proficiency

INTERESTS

Learning and adapting
to the new technologies

Photography

Travelling

Tech enthusiast

WORK EXPERIENCE

Software Engineer Lab-informatics, Hyderabad

10/2020 - Present

"STAR OF THE MONTH"

- I have hands-on Experience on infrastructure as code tools such as Terraform and CloudFormation. Implement and maintain CI/CD pipelines using tools like Jenkins, Git, Docker and Kubernetes to automate deployment processes. Design, implement, and manage AWS cloud infrastructure, ensuring high availability, and security. Monitor and optimize cloud resources to improve performance and reduce costs.
- I worked with software development team members to design and develop the solutions to meet client requirements for functionality, and performance. Real-time Experience in the full software development life cycle, from initial design to deployment and ongoing support. I developed and maintained software applications using HTML, JavaScript, SQL, and the AWS cloud for deployment.

Trinee Engineer Ideas ahead av solutions, Bangalore

06/2019 - 10/2020

"Demonstrate the project at the ISRO event"

- Good knowledge and through understanding the software application workflows and unit testing with system validation, including creating and configuring reports, master data, and user requirements.
- Involved in the planning of requirements, development, and testing activities.

EDUCATION

MCA, MASTER OF COMPUTER APPLICATIONS (CLOUD COMPUTING) Jain University, Bangalore

06/2022 - Present

CERTIFICATES

Microsoft Certified Professional (07/2016)

Network Administration plus cloud (06/2018)

Microsoft SQL Server DBA (10/2021)

Cloud Foundations (08/2023)

ACHIEVEMENTS

Recognized as the STAR OF THE MONTH for delivering complex Reports project on time.

Participated in HUMAN SPACEFLIGHT AND EXPLORATION to demonstrate project using Virtual Reality.
