

Kaushal Digaskar

Aurangabad, Maharashtra / kaushaldigaskar7799@gmail.com / 8983778453

Summary

As an accomplished software developer, I bring to the table a wealth of experience in developing and maintaining software using a wide range of programming languages and tools. With a proven ability to write clean and efficient code, I am adept at collaborating with cross-functional teams. My expertise extends across various domains, including mobile apps, web apps, and machine learning, making me a valuable asset for any organization seeking top-tier talent in software development.

Experience

We Agile Software Solutions

Software Engineer, Pune, Maharashtra

08/2022 - Present

Client : DeepNorth Inc.

1. User-Centric Development: Employing meticulous UX design and logical coding to optimize user satisfaction.
