EDUCATION

Bachelor of Technology in Computer Science (AIML Specialization), GLA University, Mathura	June 2025
Intermediate, Sanskar Public School, Mathura, 95.6%	May 2021
High School, Shreeram Model High School, Faridabad, 91.6%	May 2019

INTERNSHIP/TRAINING EXPERIENCE

Atirun Techs Pvt. Ltd, Mathura   May 2023 – July 2023
SOFTWARE DEVELOPER INTERN

- Developed front-end pages using React.js and React Native for improved user experiences.
- Managed backend with Firebase and Cloud Functions for efficient data handling.
- Collaborated effectively in project teams for successful client deliveries.

Bugcrowd   June 2021 – April 2022
SECURITY RESEARCHER

- Discovered 24+ vulnerabilities for industry giants including Samsung, Apple, and Oppo, earning Hall of Fame recognition and bounty.
- Participated in private bounty programs to improve security posture of various organizations.

PROJECTS

Event Ticket Booking App (React Native, Expo, Firebase, API Integration)

- Developed intuitive mobile ticketing platform with React Native for cross-platform compatibility and Expo for streamlined development.
- Implemented secure user authentication and real-time ticket availability with Firebase.

Food Ordering App (React Native, Expo, Firebase, API Integration)

- Developed user-friendly food ordering app with React Native, ensuring seamless UI/UX across platforms.
- Leveraged Firebase for real-time order updates, push notifications, and streamlined data management.
- Integrated with third-party APIs for restaurant listings, maps/location data, and secure payment gateways.

Video Summary Extractor (Google Cloud Vertex AI, React.js)

- Integrated Google Cloud Vertex AI to create an efficient video summarization tool.
- Designed user interface for uploading videos and presenting concise summaries.
- Fine tuned AI model for more specific output generation.

Fitness App (React Native, External APIs, Data Visualization)

- Designed & Developed fitness tracking app with React Native for intuitive cross-platform use.
- Seamlessly integrated with wearable device APIs (Google Fit or proprietary) to fetch real-time fitness data.

Web Persona AI (Web alternate content creator AI)

- Developed web app using Techs like React.js, Python, Firebase.
- Seamlessly integrated Google's GenAI API for the content suggestion.
- Fine tuned the Codey AI model to generate the more refined output as needed for the application use.

SKILLS

Technical	Professional
React Native, Expo, Firebase,	Client Communication
Node.js, React.js, JavaScript,	Mentorship,
Google Cloud Platform, PHP,	Collaboration,
HTML, CSS	Leadership

EXTRA/CURRICULAR ACTIVITIES

- Recognized by Apple Inc. in Hall of Fame for vulnerability discovery.
- Top Hacker Badge, SideFX on HackerOne
- Winner, Ideathon 2023 by RIF
- Runner-up, Brewing Code Hackathon 2023
- Runner-up, New India Vibrant Hackathon 2023
