EXPERIENCE

TRYCATCH LLC | Full Stack Developer   Mumbai, India | Dec 2023 – Present

- Currently enrolled in a MERN stack Bootcamp, actively building a portfolio to demonstrate proficiency in the covered technologies.

CLOUDSUFI | Associate Consultant - App Engineer   Remote | Aug 2022 – Jul 2023

- Built full-stack healthcare app using JavaScript, Python, BigQuery and Google Cloud, following Agile (Scrum) methodology for efficient collaboration and iterative development.
- Led the development of an internal HR business application to streamline operations
- Build a suite of Supply Chain productized Apps using APIs, Google Cloud, and AppSheet.
- Collaborated with a cross-functional team to successfully automate financial systems using Workato for a US client, resulting in a 50% increase in efficiency and cost savings of $500,000/year.

CLOUDSUFI | Product Analyst Intern   Remote | Feb 2022 – Aug 2022

- Identified key supply chain optimization opportunities, projecting 10% annual cost reduction. Developed and executed a comprehensive Go-To-Market (GTM) strategy for a new product line, increasing market penetration by 15% within the first quarter.
- Led cloud app development and launch using AppSheet and Google Cloud, increasing user engagement by 20%.

SKILLS

Programming Languages	Javascript, Html5, Css3
Libraries/Frameworks	React, Redux, Node, Express, Typescript, Next
Tools / Platforms	Google Cloud Platform, JIRA, Git, GitHub, MUI
Databases	GraphQL, MongoDB, MySQL

PROJECTS / OPEN-SOURCE

JOB SEARCH BOARD | Link   JavaScript, React, Redux, MUI, Node, Express, API

- Build a job board that allows users to filter jobs by role, base salary, location, company name, and more. The application features infinite scroll like Instagram.

CRYPTO EXCHANGE APP | Link   Tailwind CSS, JavaScript, React, Chart.js, Metamask, Web3

- Created a cryptocurrency dashboard that seamlessly integrates MetaMask for authentication, APIs to fetch Bitcoin conversion rates, and a charting library to visualize price fluctuations in real-time.
