EDUCATION

B.Tech (Electronics And Communication Engg.)
Indian Institute Of Information Technology Allahabad
- 📅 December 2020 – Present   📍 Prayagraj, INDIA
- CGPA: 8.24 (till 6th semester)

Class 12th
Kendriya Vidyalaya Air Force Station Bareilly
- 📅 2019   📍 Bareilly, INDIA
- Percentage: 91.6

Class 10th
Kendriya Vidyalaya Air Force Station Bareilly
- 📅 2017   📍 Bareilly, INDIA
- CGPA: 10/10

SKILLS

Coding Platforms
- **LeetCode** (neerajgupta0912): Top 10%(900+ Problem)
- **Codeforces** (neerajgupta0912): Pupil (350+ Problems)
- **Codechef** (guptneer09): 4 Star (180+ Problems)
- **InterviewBit** (codelord09): Solved 230+ Problems
- **GeeksforGeeks** (guptneer09): Solved 350+ Problems

Relevant Coursework

Data Structures And Algorithm   Operating System

Database Management System   Computer Networks

Web Development   Introduction To Programming

EXPERIENCE

SDE Intern, o9 Solutions
- 📅 Jan 2024 - July 2024   📍 Bengaluru, INDIA

Web Development Intern, Threat Prism
- 📅 April 2021 - Aug 2021   📍 Remote

ROLES OF RESPONSIBILITY

Executive(Web Operations), IIIC
- 📅 April 2021 - Nov 2022   📍 Prayagraj, INDIA

Core Team Member, Hack In The North (HINT-5)
- 📅 April 2021 - Aug 2022   📍 Prayagraj, INDIA

PROJECTS

College-In-House-Mailing-System   **Live Link**
- A secure and efficient in-house mailing system for the college, enabling seamless communication among students, faculty, and staff members.
- Implemented email composition, inbox management, search functionality and made API (GET, POST, PUT, DELETE) and their suitable calling to enhance communication and user experience.
- Presented the project proposal and discussed plans for scaling up the system to accommodate larger usage and potential integration with existing college platforms..
- React JS, Material UI, Express JS, Node JS, Mongo DB.

NodeSphere-Social-Backend   **Github Link**
- Node JS backend with secure user authentication, MongoDB storage, CRUD operations, API development for profiles, posts, comments, and error handling.
- User authentication, management (register, update, delete), post operations (create, update, retrieve), and comment functions through designated API endpoints.
- NodeJS, MongoDB, Express ,JWT, Javascript, RESTful.

Quiz-React-App   **Live Link**
- Created a React JS quiz application allowing users to create quizzes, edit questions, and receive immediate feedback on scores.
- Utilized Firebase for database management and implemented features for adding/deleting questions and taking quizzes.
- Technologies: React JS, Firebase.

ACHIEVEMENTS

- Microsoft Technological Associate(MTA) : Introduction to Programming Using HTML and CSS - Certified 2021
- Google Developer Students Club(GDSC) IIITA : Certification of Completion Android Basics in Kotlin
- CodeChef SnackDown 2021-Qualfied
- Qualified and secured Google KickStart(Best Rank - 1020), Google CodeJam, Google HashCode
- Qualified Regional Mathematics Olympiad(2nd Stage) of International Mathematics Olympiad team formation IISc and BARC for the KVS state
- Cracked National Defence Academy(NDA) - conducted by The Union Public Service Commision(UPSC) and recommended from Services Selection Board(SSB).
