Summary

Results-oriented B.Tech Mechanical Engineering graduate from NIT Bhopal, specializing in HRMS integration. Currently a Technical Analyst at Darwinbox, I seamlessly integrate HRMS with third-party systems using ETL tools. With over a year's experience, I've enhanced Darwinbox functionality through custom workflows and performance optimizations. Adept at problem-solving, I bring a dynamic approach to team management and leadership. Excited to leverage my techno-functional expertise in driving innovative processes for organizational success.on.

Experience

Technical Analyst

Darwinbox

Jun 2023 - Present (8 months)

• Perform end-to-end Data Integration to fulfill the customer's end-system requirements to automate the data flow using scripts to access, manipulate and migrate data with R and Python Programming Language.

• Completed more than 50 HRMS/HCM/HRIS integrations while working with several global clients.

• Led the successful integration of complex systems, including multiple technologies, platforms, and protocols, for multiple clients in diverse industries.

• Provided solutioning and architectural design for integrating with systems like SAP, Oracle, Various ATS tools, etc.

• Developed and implemented integration strategies and roadmaps to streamline processes, increase efficiency, and reduction in costs.

• Deep understanding of B2B Integration communication (XML, JSON ,SaaS-iPaaS and Webservices).

• Designed, developed, and deployed custom integration solutions using a range of technologies, including middleware, API management platforms, and cloud-based services.

Integration Analyst

Darwinbox

Jun 2022 - Jun 2023 (1 year 1 month)

• Conduct User Acceptance Testing (UAT), Integration Testing for various product modules, Release Testing, and maintaining QA documentation.

• Participated in design meetings with project stakeholders and provided feedback on proposed designs.

• Defined Project scope, objectives, and deliverables in collaboration with senior management.

• Developed project plans and timelines, and coordinated with cross-functional teams for timely delivery.

• Utilized web services based on XML and JSON standards for integrating with external systems.

Integration Analyst

Darwinbox

Jan 2022 - May 2022 (5 months)
• Created Test Plans, Test Cases, and Test Scripts for new APIs, client-use cases, and product enhancements.
• Worked on projects including Employee Core Module Inbound and Outbound APIs for integration and used R Programming Language for Data Modification.
• Collaborate with account management team and project manager to understand the client's Integration requirements, define project scopes, and create project timelines.

Education

Christ Church Boys' Sr. Sec. School
Class X-Central Board Of Secondary Education(CBSE)
2014 - 2015
CGPA-9.0

Sri Chaitanya Vidya Niketan Visakhapatnam
Class XII-Central Board Of Secondary Education(CBSE), PCM
2016 - 2017
87.20%

Maulana Azad National Institute of Technology
Bachelor of Technology - BTech, Mechanical Engineering
2018 - 2022
CGPA-8.89

Licenses & Certifications

Automation Pro I Certificate - Workato
i8phiwtse2mv

Automation Pro II Certificate - Workato
a9qxygvgfhd2

Skills

Integration Architecture • Solution Architecture • Consulting • Integration Platform as a Service (iPaaS) • Data Integration • Partner Engagement • Stakeholder Management • Extract, Transform, Load (ETL) • Project Management • Solution Implementation
