DevOps Tools: Maven, Kubernetes, SonarQube
Agile Methodology: JIRA, JUnit
Cloud Services: AWS & DevOps Concepts

EDUCATION

B.TECH IN EEE | AUGUST 2020 | AKTU LUCKNOW, UTTAR PRADESH, INDIA

PROFILE

Experienced Java Spring Boot Microservices Software Engineer with 18 months' hands-on experience. Proficient in full software development lifecycle, from design to deployment. Skilled in cross-functional collaboration to deliver quality solutions. Strong foundation in software architecture and committed to ongoing learning.

EXPERIENCE

SENIOR SOFTWARE ENGINEER | COMVIVA TECHNOLOGIES | APRIL 2022- PRESENT

- Spearheaded the development of cutting-edge Java Spring Boot microservices applications within a dynamic software engineering team.
- Collaborated with cross-functional teams to analyze project requirements, design scalable solutions, and ensure successful implementation.
- Played a key role in the entire software development life cycle, from conceptualization and design to testing, deployment, and ongoing maintenance.
- Conducted thorough unit testing using JUnit and Mockito to uphold code quality and support the delivery of high-performance software.
- Actively participated in code reviews to maintain a high standard of code consistency, quality, and performance.

ASSOCIATE SOFTWARE ENGINEER | TECH MAHINDRA | APRIL 2021- 2022

Led the creation of innovative Java Spring Boot microservices applications alongside a dynamic software engineering team.
