Jira · Agile · GIT · GitHub

PROJECTS

A portfolio website

Designed and developed a portfolio
website for a UI/UX designer used
Tailwind CSS for developing the website

https://www.daiwatthavai.com/

ShareEz

A file sharing application built using
React and NodeJs

SkipKart

This App was created using react just to
understand basic functionalities. By
developing this project, I have gained
knowledge of basic e-commerce
functionalities and react concepts

https://skip-kart.netlify.app/

TextUtils

A simple react app built to understand
the concept of react hooks

https://faizaanshaikh2002.github.io/TextUtils
-React/

Food Delivery Website

It is a simple food delivery website
template built using HTML,Css, JS

https://faizaanshaikh2002.github.io/Food-
Website/

Software Engineer

🔗 https://github.com/faizaanshaikh2002   📍 Mumbai, India

SUMMARY

Full Stack Developer proficient in designing, developing, and deploying robust web and
mobile applications using a variety of technologies.Good at implementing efficient backend
solutions that enhance application performance. Passionate about innovation and delivering
impactful solutions. Does this looks good

EXPERIENCE

Back End Developer Intern   11/2021 - 02/2022

Thinkcarz Technologies Private Limited   Mumbai, India
- Learnt React.js (Beginner) and Apollo Server
- Deployed app server on the Heroku For testing purpose.
- Learnt GraphQl and developed an API with Authentication in GraphQl using the JWT.
- Worked on API to store documents on server using multer

Software Developer Intern   05/2022 - 08/2022

Inframandi
- Worked on Integration of platform with Bizom
- Have build flows of the company bot using Engati platform
- Worked on services and API integration with ZOHO
- Optimized multiple APIs within the system, reducing the response time from 6-8 seconds
  to 1-2 seconds, resulting in a significantly improved user experience.

Software Engineer   08/2022 - Present

Inframandi
- Developed and maintained a React Native and Redux-based Android mobile application
  for an e-commerce platform serving hardware shop owners.
- Integrated Rupifi's digital loan services, using Rupifi's API for data transfer between two
  systems, which led to an increase in customer acquisition by 30%
- Engineered core features including product listing, cart management, and checkout
  functionalities, optimizing user experience and driving sales.
- Implemented a GST-based business verification system, fortifying transaction security
  and fostering customer trust.
- Utilized AWS Lambda architecture for scalable and reliable backend infrastructure,
  ensuring seamless operations.
- Learnt and implemented MongoDB aggregation Pipeline for implementing the complex
  business logic

EDUCATION

Bachelor of Science in Information Technology (BSc IT)   06/2019 - 05/2022

Bunts Sangha's S.M.Shetty College of Science, Commerce   Mumbai, India
and Management Studies

CGPI | **8.92** / 10

Higher Secondary (Science)   06/2018 - 05/2019

Eden Junior College   Mumbai, India

Percentage | **56.6** / 100

Secondary, SSC (10th)   05/2016 - 05/2017

Shivaji Vidyalaya   Mumbai, India

Percentage | **65.7** / 100
