PROJECTS

My Bookshelf
React | IndexDB | Javascript | CSS
- A Chrome extension for uploading and reading different books.
- You can filter, search, and keep track of books you read with the help of a calendar.
- It also has features for a single page mode, double page mode, scroll mode, timer, stopwatch, message, and jumping to a specific page.

YouTube Clone
React | Redux Toolkit | JavaScript | Tailwind | CSS
- YouTube Clone made with the help of React.
- Uses YouTube APIs provided by Google for getting videos and for doing video search.
- Features like debouncing, video search, video playing, responsiveness, etc., are also available.

EasyShare
Node | Express | MongoDB | EJS | HTML | CSS | JavaScript
- A web app where you can upload files and share the link via Email.
- You can apply a password for security.
- All the uploaded documents are stored in encrypted form.

COURSE SUBJECTS

- Object Oriented Programming
- Database Management System
- Operating System
- Computer Networks
