OBJECTIVE

Seeking a challenging Backend Developer role where my seven years of experience and proficiency in JavaScript technologies can contribute to innovative projects. Eager to enhance both personal and professional skills within a dynamic and technology-driven organization.

WORK EXPERIENCE

Organization – Fuzzelogic solutions (Gander) Isle of Man
Role – *Full Stack Developer*

Sep 2020 - Jan 2024

Spearheaded the development of Gander App, managing a team of developers and successfully delivering a project with over 150K active users. Implemented agile methodologies to improve project efficiency.

Freelancer — *Full Stack Developer*
June 2019 - Aug 2020

As a freelance Full Stack Developer, I served clients from Italy, USA, and India, delivering bespoke solutions tailored to their unique requirements. Successfully managed and executed projects, showcasing adaptability and a client-centric approach.

Organization – Data Matics, Nashik
Role– *Data Analyst*

June 2016 - June 2019

TOP PROJECTS -

Big Projects – Gander App, Better Spaces App

Mern Stack –Brandkart, Developers Portfolio

Mean Stack – Rent Apartment, Mobile Store, Book Store

Nodejs – HoneyBetal, OneMart

Java – CA Payroll System

ACCOMPLISHMENT

Completed two significant projects, each with 150K and 300K active users. Demonstrated expertise in improving functionality, fixing issues, and enhancing overall performance for a smoother and better user experience.

TECHNOLOGY USED

JavaScript, Typescript, NodeJS, Loopback, Express js, NestJS, Apollo, Graphql

AngularJs, Angular 2+, Ionic 3+, ReactJS, React-Native, Expo

Firebase & Mysql, MongoDB

Jira, Github, Gitlab

Docker

PROFILE SUMMARY

Eager to learn new technologies and methodologies.

Always willing to innovate new things which can improve the existing technology.

Ability to produce the best result in pressure situations.
