Harsh Trivedi
Software Engineer

SUMMARY

An enthusiastic Software Engineer with almost 2 years of track record of building engineering marvels. My diligent role included daily tasks such as writing multiple lines of code & testing it for various things from automation to web development and also managing a backend team at a startup. I specialise in efficient MEAN, Spring apps, SQL & NoSQL databases that just work across all platforms and browsers. I care deeply about building usable and pleasant things for the most number of people possible. I also love to participate in various hackathons and competitive programming challenges.

SKILLS

Springboot	Expert
Angular	Advanced
NodeJS	Expert
Python	Advanced
Microsevices	Intermediate
Social skills	Expert

LANGUAGES

English	Fluent
Hindi	Fluent

CERTIFICATES

Master Microservices with Spring Boot and Spring Cloud
06/2022 - Present

Java Backend Developer
12/2021 - Present

PL/SQL Database Programming Learner
09/2021 - Present

Data structures and algorithm using c++: zero to masters
12/2020 - Present

EXPERIENCE

SWE (part-time)
Mercor
02/2022 - Present
- Promoted within 4 months of being an intern to a part-time job position.
- Working as a full stack engineer
- Develop an automation script which automates AWS deployment.
- Building hiring dashboard
- Create and support an RDP application service
- My work here is majorly in Nodejs, Java, JS, TS, AWS

Backend developer Intern
REAL IT SOLUTIONS
11/2021 - 05/2022
- Successfully managed a microservice backend with the teams and peers.
- Also was able to add new functionality to backend job schedulers and migrated old registration to OAuth2 for Google and Facebook.
- The majority of my work here was in Java Spring Boot framework with Angular frontend.
- Also built a caching server to make microservices effective with Reddis and Oracle SQL.

EDUCATION

Computer Science
Marwadi University
2023
Bachelor of Computer Science
- 16th position in national level hackathon by MLH (Hack4Bengal)
- 9.7/10 GPA
- Built a weather forecast window application with Google and OpenMap APIs information in the Swing framework (Java)

Science & humanities
TGES (S.N.K)
2020
High School
- Took part in social activities such as Galaxy Bazar (Mini commerce event all profit is used toward educating girl child)
- Good performance in IPM (Innovative Product Management) event
- Scored 79% in secondary & 70% in high school.
