EDUCATION

B.Tech in Information and Communication Technology   2019 - 2023

Dhirubhai Ambani Institute of Information and Communication Technology, Gandhinagar, Gujarat   GPA: 7.16/10

Higher Secondary   2017 - 2019

Sardar patel educational institute, Bhavnagar, Gujarat   Percentage: 89

EXPERIENCE

Exxat System PVT. LTD | *Software Developer Intern*   Jan 2023 - June 2023

- Developed an API leveraging Azure Function and ADF pipeline for parsing and storing client data in the database.along with this Designed an Azure Dashboard to effectively track and record all processed files. This tool has enhanced the organization's ability to monitor data processing workflows.
- **Technical Skills** .NET, Azure Function, C#, ADF(azure data factory) pipeline

Megaminds Technologies | *Software Developer*   July 2023 - Present

- As a Software Developer at Megaminds Technologies, our foremost objective is to enhance the efficiency of our healthcare portal. We leverage a diverse set of technologies including .NET, C#, JavaScript, and SQL. Additionally, we utilize low-code platforms such as OutSystems to expedite our development process and deliver high-quality solutions.
- **Technical Skills :** .NET, C#, Javascript, SQL, OutSystem

PROJECTS

DataFeed | *Jan 2023 - May 2023*

- Developed an API using Azure technology to extract relevant information from client files, ensuring data validation, and retrieving necessary details from the database. Integrated the API with a Cosmos Database to securely store the validated data.
- Technical Skills : Azure Function, ADF pipeline, C#, SQL, NoSQL

Ecommerce website | *Sept 2023 - Oct 2023*

- Developed a comprehensive web application using OutSystems. The application allows users to log in, select products to add to their cart, and update their selections on the cart page. Users can place orders directly from the cart page. Additionally, the application features an order placement page where customers can edit their delivery addresses
- Technical Skills : OutSystem, SQL

Travelling agency database management system | *Sept 2021 - Nov 2021*

- Designed a Database using PostgreSQL13 where users can book tour packages and select Hotel which is available in tour packages. Customers can perform various tasks like booking, and cancellation, they can give their review and can read another's review as well.
- Technical Skills : SQL, DBMS

SKILLS

Area Of Interest | *Data Structure and Algorithms, Object Oriented Programming, Competitive Coding, DBMS, Problem Solving*

Programming Language | *C/C++, Azure Function with C#*

Tools and Technology | *Azure Function, Azure Data Factory, Outsystem*

Current TechStake | *ASP.NET with c#, OutSystem*

ACHIEVEMENTS

- Leetcode ratting : 1759
- I have achieved a 5-star rating in problem-solving and C++ on the HackerRank platform.
